

Affordable Connectivity Outreach Grant Program - Tribal Competitive Outreach Program (TCOP) Notice of Funding Opportunity (NOFO) – Round 2 Fact Sheet

OVERVIEW

The ACP Outreach Grant Program is one tool among a comprehensive set of measures authorized by the Infrastructure Investment and Jobs Act of 2021 (Infrastructure Act) and implemented by the FCC to help bridge the digital divide. The ACP Outreach Grant Program will help increase awareness of and participation in the Affordable Connectivity Program (ACP) among eligible households. The ACP Outreach Grant Program provides federal funding for the FCC to grant eligible governmental and non-governmental entities with the funding and resources needed to increase awareness of and participation in the ACP among those households most in need of affordable connectivity.

The ACP Outreach Grant Program includes the following sub-grant programs:

- National Competitive Outreach Program (NCOP)
- Tribal Competitive Outreach Program (TCOP)

TCOP provides funding for outreach activities to increase awareness of and encourage participation in the ACP for households on Tribal Lands.

The FCC issues two Notices of Funding Opportunity (NOFOs) to describe the requirements under each sub-grant program. This Fact Sheet is specific to the TCOP NOFO – Round 2. A separate Fact Sheet for NCOP NOFO – Round 2 will be issued.
